The Producer writes . . .

Twenty years ago we presented our first *Flying High*, and there has been a show every two years since 1968. The continued success has been due to the enthusiasm and hard work of the production team, many of whom have been with us for every show. Typical of this are the scenery builders, who work long hours in cramped and cold locations to produce the sets which are such a feature of the shows. It is this team work which is so indicative of the Guide and Scout Movements.

I must, of course, also thank the cast, chosen by audition from a far greater number of hopeful and very good applicants. It is their keenness that makes the whole production possible.

Finally, our thanks to you, our audience, for your continued support. We hope it has been justified.

JOHN R. HUGHES

Did you know . . .

**that Girl Guides and Scouts are
voluntary organisations which depend entirely
upon parents, friends and the local community
to provide the leaders and administrators?
Your local Guide or Scout unit is only as strong as
the support it gets from people like you.**

If you agree with our aims, if you or your children have benefited from taking part in our activities, why don't you help us?

There are many ways you can be of assistance depending on your skills and the time you have available.
